Sure thing. Is there an estimate for when this should be published today (for my awareness)?

Sorry I'm just getting to this.

I did send this to Rosemary and I have told Radha in OCIR but totally fine if you want to double up telling folks there.

For the website language, I have a nuance question, perhaps we can discuss briefly in the morning.

Hi Lindsay,

Jennifer signed off on the attached release and the web language in the mock ups below. I am only including mock ups of the pages that will remain on the site. The [document page](#) and all three PDFs included on it will be removed from the site and will not be accessible. Please let us know if you have any edits on the web or release. ORD also confirmed that they will get this release out to their lists as soon as we hit send on the release.

Let me know if you want me to reach out to Rosemary or if you've already done so. I think between ORD and Rosemary, we should be covered on stakeholder notification. And let me know if you'd like me to reach out to OCIR as well.

Thanks!
